

Archaeology Merit Badge Workbook This workbook has been custom designed to complete the requirements for the

This workbook has been custom designed to complete the requirements for the Archaeology Merit Badge through the Hopewell Culture National Historical Park. Where options are given, we have chosen those that relate to the archeological resources at Hopewell Culture NHP.

Scout's Name: Unit:
*1) Tell what archaeology is
and explain how it differs from anthropology,
geology,
paleontology,
and history.
*2) Describe each of the following steps of the archaeological process: site location,
site excavation,
artifact identification,
and examination,
interpretation,
preservation,
and information sharing.
*3) Describe at least two ways in which archaeologists determine the age of sites, structures, or artifacts. 1
Explain what relative dating is.
4) Do the following: *B) Gather research on three archaeological sites that are within the United States.Site 1:
Point out it out on the map and explain how it was discovered.
Describe some of the information from the past that has been found at this site.

and how the information may be important for modern people
Compare the relative ages of all 3 of your sites. Is this site the oldest, earliest, et
Site 2:
Point out it out on the map and explain how it was discovered.
Describe some of the information from the past that has been found at this site.
Explain how the information gained from the study of this site answers questions that archaeologists are asking
and how the information may be important for modern people.
Compare the relative ages of all 3 of your sites. Is this site the oldest, earliest, et
Site 3:
Site 3:
Describe some of the information from the past that has been found at this site.
Explain how the information gained from the study of this site answers questions that archaeologists are asking
and how the information may be important for modern people.
Compare the relative ages of all 3 of your sites. Is this site the oldest, earliest, etc.

Describe some of the information from the past that has been found at the site. Explain how the information gained from the study of this site answers questions that archaeologists are asking and how the information may be important for modern people. Compare the relative age of this site with other 3 sites you have researched. 5) Choose ONE of the sites you picked for Requirement 4 and give a short presentation about your findings to a Cub Scout pack, your Scout troop, your school class, or another group. *6) Do the following: A) Explain why it is important to protect archaeological sites. B) Explain what people should do if they think they have found an artifact. C) Describe ways in which you can be a protector of the past. *7) Do ONE of the following: A) Make a list if items you would like to include in a time capsule. B) Make a list of the trash your family throws out during one week. Discuss with your merit badge counselor what archaeologists a thousand years from now might learn from the contents of your capsule about you and the culture in which you live. B) Make a list of the trash your family throws out during one week. Discuss with your counselor what archaeologists finding that trash a thousand years from now might learn from it about you and your family. 8) Do ONE of the following: A) Under the supervision of a qualified archaeologist, spend at least eight hours helping to excavate and archaeological site. B) Under the supervision of a qualified archaeologist, spend at least eight hours in an archaeological aboratory helping to prepare ardifacts for analysis, storage, or display. C) if you are unable to work in the field or in a laboratory under the supervision of a qualified archaeologist, you my substitute a mock dig. To find out how to make a mock dig. To display. C) if you are unable to work in the field or in a laboratory under the supervision of a qualified archaeologist, you my substitute a mock dig. To find out how to make a mock dig. To display.	C) Visit an archaeological site (Mound City Group) and gather research on it. Explain how the site was discovered.				
Compare the relative age of this site with other 3 sites you have researched. 5) Choose ONE of the sites you picked for Requirement 4 and give a short presentation about your findings to a Cub Scout pack, your Scout troop, your school class, or another group. *6) Do the following: A) Explain what people should do if they think they have found an artifact. 9) Under the supervision of a qualified archaeologist or instructor, do ONE of the following:

A) Help prepare an archeological exhibit for display in a museum, visitor center, school, or other public area.

1	0)	Do	the	fol	low	ing:

A) Research American Indians who live or once lived in y	our area. Find out about traditional lifeways, the Hopewell Culture were
prehistoric moundbuilders	
dwellings,	
clothing styles, what resources could the Hopewell use for c	clothing?
arts and crafts,	
and methods of food gathering,preparation,	
and storage.	
Describe what you would expect to find at an archaeological si	ite for these people.
*11) Identify three career opportunities in archae	eology.
Distance and soulein house to account a	Biographic and the second seco
	career. Discuss with your counselor what education
and training are required,	
and explain why this profession might interest y	you.
